## Winter Newsletter

November 2006

### NEW TOUR – BY AIR

### **NEW ENGLAND 'ISLANDS & MOUNTAINS' 21-31 OCT 2007**

This exciting 11 day tour departs from Manchester Airport to Boston. We stay at Hyannis on picturesque Cape Cod, travel North to Lincoln, New Hampshire and to Danvers, Massachusetts.

Highlights include Provincetown, Martha's Vineyard, Lexington, Lake Winnepesaukee, Woodstock, Boston and Salem.

And you will experience the spectacular Autumn foliage, when the leaves turn to brilliant shades of red, orange and yellow.

IF YOU ARE INTERESTED IN BOOKING THIS TOUR, CONTACT US AND WE WILL GIVE YOU MORE INFORMATION.

### WINTER BROCHURE 2006

Our recent Seasonal Holiday Collection has been the fastest selling brochure so far. There is still availability on a few 'Early Bird Breaks' in February and March but most of it sold out fairly quickly. The Bournemouth reunion tours were very quick sellers once again and the Christmas and New Year Tours have gone very well. We are expecting the Summer 2007 Brochure to be even more popular!!! Don't be left out - book early.

### STAFF NEWS

Whilst Claire has been on maternity leave, Sue Stephenson (Kath's Auntie) has taken her place and fitted in very well.

We have been quite short staffed in the office this summer as Barbara was off work for 9 weeks recovering from a hip replacement operation. We are pleased to report that she is now fully recovered and back at her desk.

Brian Robinson our regular feeder driver has been off work since February this year seriously ill. We are happy to say he is now on the mend. He is improving every day and is hoping to be well enough to come on booking day to see us all and sample some of the cakes!!

Craig Boyd started working for us in May. He will be driving the coaches and the wagon and working in the garage so he's going to be very busy!

### GEORGE ISAAC

We are pleased to announce the arrival of a new member of the 'Bibby' clan, Peter's first grandchild. A lovely little lad called George Isaac Mottram who was born in July. Will he be driving you on your travels in the future?

Watch this space!!!

### KATH'S CHINA TREK

On May 5th I headed out to Beijing to begin my 100 km trek of the Great Wall of China for the Alzheimers Charity.

There were 17 of us who did the walk all raising money for Alzheimers.

The walk went really well. It was very challenging but we helped each other along and somehow I didn't get any blisters!

It was a great experience with locals helping us along the way and sampling the Chinese cuisine and culture was amazing. I was sick of boiled rice by the end of the trip though!

I would like to thank everyone of you who sponsored me either through buying raffle tickets or individual donations. As a group we raised over £72,000. Personally I raised a whopping £5000!!! This was over double the amount I was required to raise. The money raised will be going towards research into finding a cure for Alzheimers. Thanks again for all your support and generosity, I am now in need of a holiday!!

Kath
